PRESIDENTS MESSAGE:

We thank Dr. John Lee for our tour of the OSU Aero Lab in October. I thoroughly enjoyed the experience. We also should do a tour of the Gas Turbine Lab when we can.

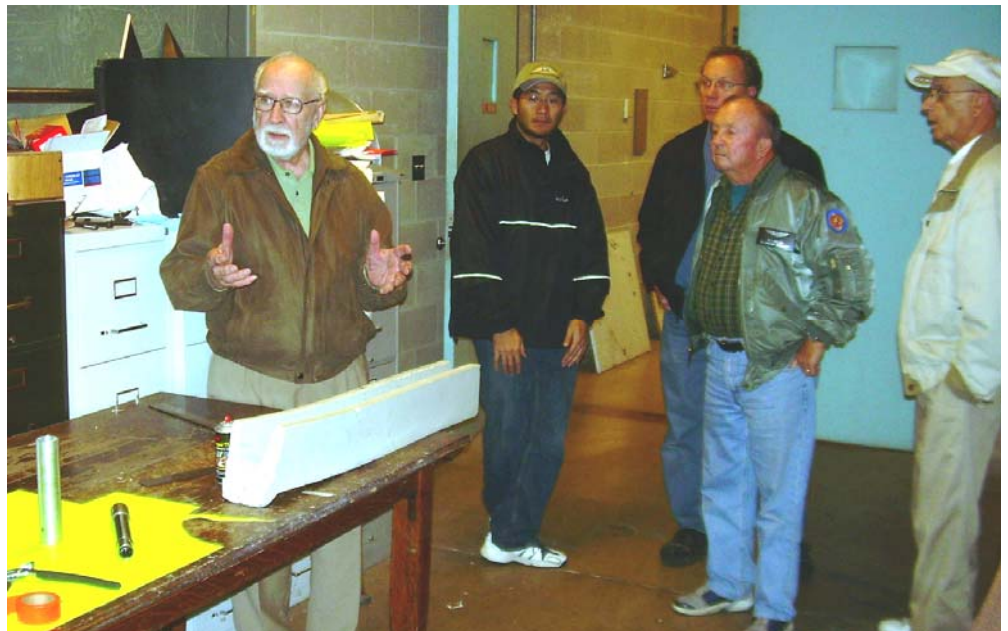

Clare Lutton's team photographed all the OSHKOSH aircraft entered in the judging. He will tell us all about it. He has some great shots. Worth Seeing.

I need some help with the Newsletter. If you can contribute, please see the section elsewhere in this newsletter.

This has been a great year for the Chapter.

See you there.

Al

NOVEMBER ELECTIONS

Are you interested in serving EAA9 as an officer or director in 2007? November elections will be for 4 officer and 2 director positions. Continued quality leadership is needed to maintain and advance EAA9's leadership. Ted Kellogg, has worked diligently on a slate of officers, but I encourage all interested to volunteer. It will be a great experience. Your participation will be greatly appreciated by all members.

andhale@aol.com Thank you Andy!

I need help with the newsletter, and I'd like to suggest a way to collaborate on a really great one. Son Kenny suggested that I play around with GOOGLE docs, which allows multiple authors to work on the production online. I think we can make it work. If you would like to help out with this please contact me at al@aharding.com.

Another view of Don Austin's recently completed GP-4. Did I say it is Fast?
