FAA Aviation Safety Seminar

“Are you aware of your environment?”

By Andy Doll, ODOT

MedFlight 2827 West Dublin Granville Rd

February 15, 2007 at 7:00 pm

The meeting room is adjacent to the office of Aviation on the north side of KOSU airport. Speaker Andy Doll will share his 26 years of experience as a pilot including the past 13 years working for ODOT. His insights will open your eyes to every day flying tasks and share tips on how to be a safer airman. In today's complex flying environment every pilot will benefit from Andy's experience. Join us for this very special safety seminar.
