

## **CMH—ATC Tower Tour arrangements**

by Tom Lusch

**Date/Time:** Saturday morning, Feb 24, 2007. *Arrive no earlier than 9:50 a.m., and no later than 10:10 a.m.* Expect to be leaving the facility around 11:30'ish.

**Parking:** Park in the gated lot directly on the east side of our towering structure. This parking lot is *directly in front of the main entrance* to the facility (i.e. the east side of the building). Because you'll be parking in a gated lot, I have to buzz the gate open for you. **Therefore, please time your arrival in the specified twenty-minute slot**

After everyone has obtained the *required* visitor badge, we'll congregate in the conference room. We'll have a short discussion about what you can expect to see on the tour. Shortly thereafter, depending upon the number of attendees, we'll split into two to three groups, with separate tour guides.

**Directions:** Go to Port Columbus airport. If you enter the airport via International Gateway, just look for the absolute tallest structure on the airport grounds ahead and to your right. Turn right at the traffic light, followed by an immediate left so that you're on the south side of the facility. Proceed to the second gate to our parking lot (its to your left).

**Page Two**

If you're entering the airport via Hamilton Rd, take Sawyer Road past the Post Office. As you pass the McDonald's restaurant, proceed straight thru the light across Int'l Gateway followed by an immediate left so the tower is off your left. Proceed to the second gate to our parking lot.

If you're flying in, park at Lane Aviation then exit via Lane's southern entrance and walk west to the vehicle gate. Its only a couple of hundred yards.

**To get the gate open:** Once at the gate (or just as you're approaching), call me on my cell phone at 614-370-1437. If you don't have a cell phone or have problems contacting me, you may utilize the phone at the gate entrance. Simply dial 10 (Reception Desk). I'll be there, answering that phone as well.

After I open the vehicle gate for you, *please park to the far right*, and then walk all the way back to our entrance, and I'll buzz those doors open for you. Being as all visitors must be escorted at all times, we'll take care of badges there, and wait there until everyone arrives.

**SPECIAL NOTES:**

- 1) If you are not a U.S. Citizen, you cannot attend *until we have first obtained special approval from FAA Headquarters*. To get this special process started, contact me at tom-lusch@yahoo.com and I'll help you.
- 2) Should the Homeland Security Advisory System Threat Level rise to Orange or Red the tour is cancelled. Call me at 614-370-1437.
- 3) Cameras or other recording devices will not be permitted.
- 4) To learn more about our facility please view our NATCA web site <http://cmh.natca.org/>

**Contact info:**

**Tom needs an exact number of attendees for this tour.**

Contact Curt Jenkins either by phone or email to let us know how many will be expected.

Phone 614-882-9570 or 668-7327
