Fly the Ford for Father's Day

Thursday June 14, 2007 through Sunday June 17, 2007

Rides are available the following hours:

Thursday 2 p.m. to 5 p.m.

Friday, Saturday and Sunday 9 a.m. to 6 p.m.

Reservation information:

www.flytheford.com until Friday thru 6 p.m.

After Friday call 920-371-2240

The TriMotor, aka *the Tin Goose*, was the first all metal commercial airliner and **Columbus** had a critical place in its history when Lindbergh decide it was the "jumping off point" in the revolutionary cross country journey that loped off 1.5 days from the normal train trip. Several fuel stops later, in Oklahoma, they would pick up the night train to New Mexico and after more fuel stops, land in Glendale, California at 5:52 p.m..

Join us at the OSU Airport! Bring a friend and relive a part of our history!

Special Note: We have been fortunate enough to locate last minute hangar space at OSU Airport so the TriMotor will **not** be commuting to and from CMH each day.
