PRESIDENT'S MESSAGE

Young Eagles started as a dream. I dream of introducing flying to young people to pass the torch to the next generation of aviators. Without the military turning out thousands of aviators through training and GI-bill benefits, our numbers have dwindled and our population has aged. The vision behind Young Eagles is to help stem the tide and share the passion with the next generations that will follow in our footsteps. If you have ever been tempted to volunteer, this is the BEST place to start.

The work done in this arena is arguably the most important mission we have at EAA 9.

We promote aviation in Central Ohio a number of ways, but our Young Eagles program has the most potential to give back well into the future.

Please take a look at the schedule and contact any of us if you are interested in helping keep the dream alive.

Fly Safe!

UPCOMING LP-1 PRESENTATION

- For the May 17 presentation on the LP-1 kit, here is a bio of our speaker: Mark Long works for a local company, Emergitech, that provides software for public safety agencies. When you dial 911, the person answering the phone might be using some of Emergitech's software. Mark has volunteered in the Kid Venture tent at Oshkosh during some really hot days at AirVenture. He has also volunteered to solve some math problems in propeller design software. He has a degree in computer science and a degree in industrial engineering. He is a graduate of Ohio State and he used his Ohio State connections to help David Algie get an efficient and accurate propeller design for his new kit airplane, the LP-1. Mark is a private pilot, instrument rated, SEL. He's not flying now but wants to get back into the left seat soon!

So come on out and hear about this exciting new all composite kitplane that is guaranteed to explode onto the market!

UPCOMING EVENTS FOR EAA 9

- May 17, 2012 - 7pm LP-1 Presentation. KOSU Hangar 5. The LP-1 is an in-development, cutting edge, kitplane being produced in Indiana using race car technologies (carbon fiber, race car powerplant)
- May 19, 2012 - 10am Young Eagles Rally at KOSU Hangar #5
- June 9, 2012 - 10am Young Eagles Rally at KOSU Hangar #5
- August 18, 2012 - 10 am Young Eagles Rally at Bolton (KTZR)
- September 29, 2012 - 10am Young Eagles Rally at KOSU Hangar #5
- October 27, 2012 - 10am Young Eagles Rally at KOSU Hangar #5

April's Joint Meeting with IAC34 and EAA 9 was a great success. We had 50+ people come out for food, education and fellowship! Even though the weather didn't cooperate, that didn't dampen anyone's spirit.

YOUNG EAGLES FLIGHT SCHEDULE FOR 2012

As the former and current EAA 9 Young Eagles Coordinators can tell you, there is a lot that goes into creating the annual schedule for Young Eagles. While we won't bore you with the gritty details, this year's schedule is sure to be great!

If you are a volunteer, we thank you in advance for your hard work and dedication!

If you are a participant, we look forward to seeing you at a rally soon!

For detailed questions about Young Eagles contact Joe Trepicone (vicepresident@eaa9.org) or Christine Mortine (mortine@eaa9.org)

Here's a printable version of the schedule you can print out and and put on the refrigerator.
